CRESCENTS HAVE A CHANCE.

If Lifton Is in Form They Are Sure to Extend St. Nicks.

The St. Nicks have a good lead in the

mateur Hockey League race and are

favorites over the Crescent A. C. in tonight's game, but they probably will have their work cut out for them to win the last contest of the first round or the league series in the St. Nicholas Rink. The Crescents has shown much improvement of late in their playing and they are out to defeat the champions. They expect to hold Hobey Baker in check. All past contests between these teams have been hard fought, and to-night's game promises to be no exception. The St. Nicks defeated the Crescents twice last year, but they had to play their best in order to do so. The New Mooners have a hard playing team, and they are in good shape for the game. This will be the first contest of the season be-tween the St. Nicks and the Crescents. Artie Liffiton probably will be in the Crescent lineup. The veteran forward of the New Mooners is a dangerous man in any game and unless the St. Nic fence is at its best he will make troublesome for the champions. N

Won't Cost So Much to Lose a Golf Ball

ACUT of from 10 to 15 cents in the retail price of golf balls was announced by the dealers yesterday. This cut will apply only to the cheaper grade of balls and is due to the running out of the Haskell patent, which expires on April 11. Both imported and American balls selling at 75 cents will remain at the same figure.

It is expected that the British shilling ball will be sold in this country in future and American manufacturers are now turning out a ball at a quarter to compete with the English article.
